**Cancel Claims 6-15, 22, 24-27** due the applicant's withdrawal of non-elected invention.

Before "Background Of The Invention", please insert:

#### Cross-Reference To Related Application

This application claims the benefit of Japan Patent Application No. 2002-364920, filed 12/17/2002, the contents of which are hereby incorporated herein by reference in their entirety.

### Response to Amendment

This Office Action is in response to Amendment filed on 03/26/2007.

Claims 6-15, 22, 24-27 have been withdrawn.

Claims 1, 2, 3, 18, 19 have been amended.

Claims 1-5, 16-21, 23 are pending.

Remark of Applicants has been considered.

### Reason for allowance

Claims **1-5, 16-21, 23** are allowed. The following is an examiner's statement of reason for allowance: None of the references of record teaches or suggests the claimed limitations having a method of forming an electronic component module having a semiconductor bear chip packaged on a wiring board, including, among other limitations cited in independent claims 1, 16, preparing a thermosetting resin film covering an electrode area on a wiring pattern and having insulating particles dispersed and included, and a thermoplastic resin film covering the thermosetting resin film, pressing the bump against the thermosetting resin film by continually applying the ultrasonic wave to the bump so that the insulating particles are separated from within the thermosetting resin film, the thermosetting resin film is shoved away by the bump of the semiconductor chip and that the bump reaches a surface of the thermosetting resin film.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
